

140 to 160 Acre Pristine Ranches in New Mexico's High Country

This is high country living at its finest! Located at elevations from 7,400 to 7,600 feet, the parcels at Ponderosa Ranches offer the very best of Western New Mexico's gorgeous, rolling terrain. These ample ranchettes are covered in piñon, ponderosa pine and juniper, with a generous sprinkling of natural sandstone bluffs, and all boast spectacular views. The cool four-season climate is ideal for hunting and a variety of outdoor pursuits, including fishing at nearby Quemado Lake.

We're just two hours from Albuquerque near Pie Town, New Mexico, and about one hour from the Arizona border. Come on by—why wait any longer?
